"SHOW" PURGE KIT

Part #82270R (includes RED light)
Part #82270G (includes GREEN light)
Part #82270B (includes BLUE light)

- This complete kit enables you to purge a 15ft. cloud of colored nitrous into the air. A showstopper that will turn heads everywhere.
- Gives you the "look" of a complete engine nitrous system. No need for the expense and trouble of a full installation.
- Can be used to purge nitrous from the hood area, the muffler, underneath the vehicle, you name it! Creates a wild purge cloud effect anywhere it is used.
- The kit includes our Purge Cloud LED. It is a focused beam, high-intensity LED light assembly in red, green, or blue color that lights-up the nitrous purge cloud. Makes for an especially vibrant and colorful show at night.
